

**NORTHWEST**  
bible church

Dear Sir or Madam:

With regard to 08-166, 08-167 and 10-24, I'm concerned as a professional sound engineer and user of wireless microphones. Northwest Bible Church, of which I am employed, deploys dozens of wireless units per weekend to support our services targeting over 2000 people. I'm writing to encourage the FCC's expansion of licensing under Part 74 to include theaters, performing arts centers, sports facilities, churches, educational and government institutions, which all benefit enormously from reliable wireless microphones used for public assembly.

Unlicensed use under Part 15 - sharing spectrum with unlicensed consumer services (TVBDs) - would eventually be catastrophic to this church and to live events in general. I urge you to expand the categories of licensed wireless microphone use under Part 74.

Respectfully submitted,

Rocky Presley

Dallas, TX
